New Dippin' Stix

November 5, 2014 [CSD Staff](#) : [0 Comments](#)

Reichel Foods has introduced the new Dippin' Stix Apples with Caramel, Peanuts and Chocolate. Fresh fruit is currently the fastest growing snack in the U.S. and the new Dippin' Stix apple combination was the only fresh produce snack ranked in the top 10 at NACS. The new Apples with Caramel, Peanuts and Chocolate creates a balance of healthy indulgence by combining fresh Granny Smith apples with a decadent caramel, peanut and chocolate dip. Now available, this product joins a wide variety of Dippin' Stix items that are already currently available in the marketplace.
